Place: Almendralejo, Badajoz (Spain)
Phone: 673 489 226
Nationality: spanish

[LinkedIn](#)   [Instagram](#)   [Behance](#)

I have been combining conceptual art and 2D animation works for almost three years. I have worked on several animated projects that have allowed me to gradually explore the possibilities of the medium and have also helped me to better understand the movement and functioning of the body and what surrounds us on a daily basis. I consider myself a hard-working and involved person with each project, who enjoys feeling part of the gear of a team.
